First Wants Exemption From Gold Payment for Two Years

PUT LIMIT ON COAL

Government Answers Reparation Committee; Seeking Huge Loan

BERLIN, Nov. 5.—Supplementing the memorial presented to the reparations commission Friday, the German government delivered to M. Barthou, chairman of the commission, a memorandum containing definitely formulated demands for such amelioration of the reparations obligations as it deems necessary to accomplish complete recognition of Germany's national finances.

The cabinet devoted several hours yesterday afternoon and evening to drafting the memorandum, the contents of which the reparations commission is expected to find embodied in the memoranda turned over to it by Doctor Hermes, the German finance minister. These memoranda, it is stated in official circles, were primarily intended to convey exhaustive data on the subjects which the delegates of the entente powers are to investigate in connection with the present conference.

The German government's demands, according to information reaching a Reichstag leader, will embody a petition for exemption from all gold payments of reparations for a period of at least two years and restriction of deliveries of goods in kind to such categories and amounts as are needed for the building up of the devastated areas. The German government also desires material limitation of the present coal deliveries whose drain has resulted in forced buying of English coal to meet international demands.

Germany is willing to continue deliveries of coal in sufficient quantities to offset the shortage of production in northern France and will agree to supply French industry on the basis of the world market price. The government will ask the reparations commission to negotiate a foreign loan of 500,000,000 gold marks, which it believes indispensable for the purpose of balancing the budget, curbing the floating debt and accomplishing stabilization.

The day began clear and bright—"Hohenollern weather"—but soon turned to shower and a chill rain fell when the former emperor's black car drove from the castle to the lodge at the appointed time for the civil ceremony.

A large crowd, including nearly one hundred newspaper men and photographers, and many of the younger folks of the community watched the arrival of the witnesses, who came by different entrances. Perched on the top of motors, the observers were able to discern through the thinning trees of the castle grounds, some of the notables—former Crown Prince Frederick William in uniform of the Uhlans, Von der Goltz and other old-time war lords, who also were in gala attire.

The procession was greeted with ironical cheers and there was some booing. When the bridegroom's automobile, which carried also the bride, returned to the castle after the ceremony, the blinds were drawn and the occupants were invisible.

The black and white Hohenzollern banner flew from both castle and lodge but nowhere else were flags to be seen or any other manifestation of popular rejoicing—not even the music of wedding bells. The telling of which the bridegroom had previously expressed a wish. The villagers regarded the affair in the nature of a free entertainment, and tonight Doorn was steeped in his habitual calm. The castle remained brilliantly lighted, however, in contrast to its usual darkness, and it was reported that William had elected to spend the evening at home with his wife, while the guests dined at Appenroden castle with Count von Bentinck.

There are strong indications that the entire republican judicial legislative and county ticket will carry. It has been pointed out that Fields' administration as governor would be greatly strengthened by a republican legislature—one that will substantially and courageously assist him in digging out the grafters of the Robertson administration and in bringing them into court.

That there will be more than the usual amount of straight republican tickets voted this year appears probable, because of the intense desire of so many voters to change the entire political complexion of the state at least long enough to refuse aid to a state of decency and clean out the crooks who would hang onto their jobs if the state should go democratic.

General Bombardment of Oratory Closes Campaign in England; Bonar Law Outlines Policies.

LONDON, Nov. 5.—A general bombardment of oratory all over the country closed the week's campaigning. Most of the big guns were in action while many of lesser caliber were heard in the smaller districts. Former Premier Lloyd George delivered a speech in an old opera house in London, supported by Austen Chamberlain and Lord Birkbeck, who with their leader, are playing the part of the old guard of the coalition. Former Bonar Law addressed a big meeting at Lyons where, a week ago, his predecessor appeared. Viscount Grey spoke at London; the Earl of Derby appeared at Bath; the Earl of Salisbury at Herbert H. Asquith spoke to his own constituents at Paisley with some railway speeches on the way.

From speech to speech Bonar Law gradually is becoming more outspoken on the points of policy of the new administration. Lloyd George is pursuing a path of moderate, reasonable opposition to the conservatives which, apparently will be his course in the next parliament, coupled with a strong defense of his own tenure of office.

Carry Away Safe Under Nose of Two Patrolmen

LITTLE ROCK, Ark., Nov. 5.—A small safe was taken from a well-lighted bakery in the heart of the local retail section sometime last night, hauled to the edge of the town and robbed of \$750. It was revealed today when railway men found and reported the safe, lying beside a railway track. The brook in which the robbery occurred is guarded, supposedly by two patrolmen and a private watchman.

To prevent automobile thefts by making stolen cars conspicuous, the inventor has patented a device by which bright red bars are extended across a license number and locked when a car is parked.

Fashion's Forecast

An \$18.00 style for \$5.00

If there is anything in the world that women strive for more than happiness, it must be to look as slim as nature will allow. Correct clothes play such an important part in the life of the woman who would look slim, that she should be careful to select becoming styles that will tend to slenderize the appearance. An excellent style is here pictured, for it has the long-line profiting panel and becoming collar. The flare sleeve is a good for the woman with large hips. For those who prefer the tight-fitting sleeve, one is included in the pattern. Roshanara, crepe de Chine, Canton crepe and serge are excellent materials for this style. If the latter suggestion were decided upon, your new frock would cost about \$5.00 figuring serge at \$1.00 per yard and satin or crepe at \$1.25 per yard. The women who sew quickly could make a dress like this in two afternoons.

The pattern No. 1511 cuts in sizes 34, 36, 38, 40, 42, 44 and 46 inches bust measure. Size 36 requires 3 1/2 yards 40-inch material with 1 1/2 yards 21-inch contrasting. Price 15 cents, stamps or coin (coin preferred).

Our Fall and Winter Fashion Magazine is a most interesting fashion book. It contains over 300 styles for women, girls, children and men. Some helpful suggestions for Christmas gifts, three pages of movie star styles, embroidery designs, a course in dressmaking, and valuable articles giving the stout woman hints on how to dress to advantage, how the slim woman may appear heavier, and what colors are most suited to the various types of femininity, etc. Price 10 cents per copy. Waffles. Sift one and one-half cups flour, two tablespoons baking powder, four tablespoons cornstarch and one-half teaspoon salt together. Beat three eggs until very light, add one cup milk to them and stir into dry ingredients. Beat until smooth, then add one tablespoon butter and bake in hot iron. Serve with butter and honey.

Clear Soup with Rice. Add one cup canned tomatoes, two tablespoons chopped onion, six celery leaves, one teaspoon salt and one-half teaspoon paprika to five cups meat stock. Cook for 20 minutes over a slow fire. Strain, bring to the boil and add one cup cup law rice. Cook until rice is well done, which will be in 25 to 30 minutes. Serve in hot soup dishes or bouillon cups.

Baked Beef with Spaghetti. Chop two cups of cold cooked beef, three large, cold, cooked potatoes, season with salt, pepper and one tablespoon melted butter. Mix well and tuck with hot water or stock. Cook one pound of spaghetti in boiling salted water for 20 minutes. Drain, blanch and put layer on bottom of buttered baking dish. Then a layer of the prepared meat and potatoes, again a layer of the spaghetti, a sprinkling of salt and pepper and add one cup of cup law rice. Cook until rice is well done, which will be in 25 to 30 minutes. Serve in hot soup dishes or bouillon cups.

Stuffed Tomato Salad. Wash and peel medium sized tomatoes. Cut a thin slice from the stem and of each and remove seeds and pulp of the pulp; sprinkle inside with salt, invert and let stand one-half hour. Fill with equal portions of apple and celery, cut in small pieces and mixed with French dressing. Arrange on crisp lettuce leaves, placing a spoonful of boiled dressing on top of each.

HOME BUILDING SHOW A SUCCESS

Tulsa Responded Generously and Affair Will Be Repeated

J. H. Stewart, 804 South Cincinnati, was awarded the grand prize, a \$2,000 lot in Brookside addition, by the Real Estate exchange at the close of the Modern Home and Builders exposition Saturday night. Three other lots were given away Thursday and Friday nights.

Miss Helen Cooper, who lives with her aunt, Miss Eleanor Cooper at 1528 East Eleventh, got the miniature house offered by Real Estate exchange through the Real Estate exchange. The little girl, an orphan, has announced she will sell the house to the highest bidder and use the proceeds for obtaining an education.

Five-dollar gold pieces, by T. A. Trusty, realtor, were given to the following persons: No. 1601, Frank M. Curry; No. 2668, Olive Hastings; No. 2396, Morton Reed; No. 1900, Edith Wagner; No. 2431, Mrs. Hamersley.

That the Modern Home and Builders exposition will be repeated next year was the opinion of numerous realtors who looked individually whether they favor its establishment as an annual event in Tulsa. They were unanimous in pronouncing the show a tremendous success which exceeded their highest hopes.

"Tulsa responded generously to the exposition, and I am confident every visitor felt more than repaid for his time and money," B. M. Grotkop, chairman of the Real Estate exchange exposition committee, said Saturday night. "We tried to give them a comprehensive showing of styles of home architecture and furnishings, and the many complimentary remarks received since the exposition opened lead us to believe we succeeded in this desire."

It requires time for such events to become established, but once a part of a city's annual program, they constantly increase in interest and scope. No concerted action has been taken by the exhibitors in this hope, as to whether an exposition of this character will be held in 1923, as there has been no meeting of the board to discuss this question.

The big exposition tent is to remain in place for the Shrine circus this month.
